ABOUT VAUXHALL

Heritage meets contemporary design at Mount Anvil and Fabrica by A2Dominions Keybridge development in London's southwest. Situated in regenerated Vauxhall, the area is seeing rapid transformation as buildings spring up on the banks of the Thames. Surrounded by abundant parks such as the Vauxhall Pleasure Gardens and steeped in 17th century history, Vauxhall is the site of London's most exciting renaissance. Passionate residents and non-profit organisations such as Vauxhall One work collaboratively to improve the area and create new opportunities for both businesses and the community.

You can come here for just about anything, from a juicy burger to a negroni cocktail in a vintage brasserie. Delights abound, from fringe theatres to restaurants and galleries housed within impressive Georgian or Victorian mansions. With many of the capital's breathtaking icons just a hop and a skip across the Thames or a short bike ride away, there's never a dull moment here. Well-connected, innovative and exciting, Keybridge is destined to become the standout landmark in the capital's most exciting new neighbourhood.
